## Intellectual Property Rights (IPR) Information

<b>Copyrights</b>	© All rights reserved. This publication contains information that is protected by copyright. No part may be reproduced, transmitted, transcribed, stored in a retrieval system, or translated into any language without written permission from the copyright holders.
<b>Trademarks</b>	The following trademarks are used in this document: <ul style="list-style-type: none"><li>● Microsoft is a registered trademark of Microsoft Corp.</li><li>● Windows 8, 10 and Explorer are trademarks of Microsoft Corp.</li><li>● Apple and Mac OS are registered trademarks of Apple Inc.</li><li>● Other products may be trademarks or registered trademarks of their respective manufacturers.</li></ul>

## Safety Instructions and Approval

<b>Safety Instructions</b>	<ul style="list-style-type: none"><li>● Read the installation guide thoroughly before you set up the modem.</li><li>● The modem is a complicated electronic unit that may be repaired only by authorized and qualified personnel. Do not try to open or repair the modem yourself.</li><li>● Do not place the modem in a damp or humid place, e.g. a bathroom.</li><li>● Do not stack the modems.</li><li>● The modem should be used in a sheltered area, within a temperature range of 0 to +45 Celsius.</li><li>● Do not expose the modem to direct sunlight or other heat sources. The housing and electronic components may be damaged by direct sunlight or heat sources.</li><li>● Do not deploy the cable for LAN connection outdoor to prevent electronic shock hazards.</li><li>● Keep the package out of reach of children.</li><li>● When you want to dispose of the modem, please follow local regulations on conservation of the environment.</li></ul>
<b>Warranty</b>	We warrant to the original end user (purchaser) that the modem will be free from any defects in workmanship or materials for a period of two (2) years from the date of purchase from the dealer. Please keep your purchase receipt in a safe place as it serves as proof of date of purchase. During the warranty period, and upon proof of purchase, should the product have indications of failure due to faulty workmanship and/or materials, we will, at our discretion, repair or replace the defective products or components, without charge for either parts or labor, to whatever extent we deem necessary to restore the product to proper operating condition. Any replacement will consist of a new or re-manufactured functionally equivalent product of equal value and will be offered solely at our discretion. This warranty will not apply if the product is modified, misused, tampered with, damaged by an act of God, or subjected to abnormal working conditions. The warranty does not cover the bundled or licensed software of other vendors. Defects that do not significantly affect the usability of the product will not be covered by the warranty. We reserve the right to revise the manual and online documentation and to make changes from time to time in the contents hereof without obligation to notify any person of such revision or changes.

## EU Declaration of Conformity

We DrayTek Corp. , office at No.26, Fu Shing Road, HuKou County, Hsin-Chu Industry Park, Hsinchu 300, Taiwan , R.O.C., declare under our sole responsibility that the product

- **Product name:** 35b Modem
- **Model number:** Vigor167
- **Manufacturer:** DrayTek Corp.
- **Address:** No.26, Fu Shing Rd, HuKou, HsinChu Industrial Park, Hsinchu 303, Taiwan

is in conformity with the relevant Union harmonisation legislation:

EMC Directive 2014/30/EU , Low Voltage Directive 2014/35/EU , ErP 2009/125/EC and RoHS 2011/65/EU with reference to the following standards

Standard	Version / Issue date
EN 55032	2012+AC:2016 class B
EN 61000-3-2	2014 Class A
EN 61000-3-3	2013
EN 55024	2010+A1:2015
EN 62368	2014+A11:2017

## Regulatory Information

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device may accept any interference received, including interference that may cause undesired operation.

# 1. Package Content

Take a look at the package content. If there is anything missed or damaged, please contact DrayTek or dealer immediately.

**Modem**

**Quick Start Guide**

**RJ-11 to RJ-45 Cable**

**RJ-11 to RJ-11 Cable**

The type of the power adapter depends on the country that the modem will be installed. \* The maximum power consumption is *4.5 Watt*.

**UK-type Power Adapter**

**EU-type Power Adapter**

**USA/Taiwan-type Power Adapter**

**AU/NZ-type Power Adapter**

## 2. Panel Explanation

LED	Status	Explanation
ACT	Off	The system is not ready or is failed.
	Blinking	The system is ready and can work normally.
P1/P2	On	A normal connection is through its corresponding port.
	Off	LAN is disconnected.
	Blinking	Data is transmitting (sending/receiving).
DSL	On	xDSL connection synchronized.
	Blinking	xDSL connection is synchronizing.

Interface	Description
PWR	Connector for a power adapter.
ON/OFF	ON/OFF: Power switch.
Factory Reset	Restore the default settings. Usage: Turn on the modem. Press the button and keep for more than 10 seconds. Then the modem will restart with the factory default configuration.
P2-P1	Connector for local networked devices.
DSL	Connector for accessing the Internet through xDSL.

### Note

Remove the protective film from the router before use to ensure ventilation.

### 3. Hardware Installation

This section will guide you to install the modem through hardware connection and configure the modem's settings through web browser.

Before starting to configure the modem, you have to connect your devices correctly.

#### 3.1 Network Connection

1. Connect the DSL interface to the MODEM port of external splitter with a DSL line cable.

(splitter)

2. Connect the LAN port to your computer with a RJ-45 cable.
3. Connect one end of the power adapter to the Power port of this device. Connect the other end to the wall outlet of electricity.
4. Power on the modem.
5. Check the POWER, ACT, LAN, DSL and INTERNET LEDs to assure network connections.

(For detailed information on LED status, please refer to section 2.)

### 3.2 Wall-Mounted Installation

Vigor167 has keyhole type mounting slots on the underside.

1. Drill the holes on the wall according to the recommended instruction.
2. Fit screws into the wall using the appropriate type of wall plug.

**Note**

The recommended drill diameter shall be 6.5mm (1/4").

3. When you finished the above procedure, the modem has been mounted on the wall firmly.

## 4. Software Configuration

To access the Internet, please finish the basic configuration after completing the hardware installation.

Make sure your PC connects to this device correctly.

### Note

Please set up the IP address of the computer to be the same subnet as the default IP address of Vigor device **192.168.1.1**. For detailed information, please refer to the section - Trouble Shooting in the User's Guide.

Open a web browser on your PC and type **http://192.168.1.1**. A pop-up window will open to ask for a username and password. Please type "admin/admin" as the Username/Password and click **Login**.

The screenshot shows the login interface for a DrayTek Vigor167 device. On the left side, the DrayTek logo is displayed in red, with 'Vigor167' written below it. On the right side, there is a login form with the following elements:

- Username:** A text input field containing the text 'admin'.
- Password:** A text input field with the password masked by six dots '.....'.
- Locales:** A dropdown menu currently set to 'English'.
- Login:** A prominent red button labeled 'Login' located at the bottom of the form.

Now, the Main Screen will pop up.

Index	Description	Physical Mode	Option
WAN1	ISP1	--	<a href="#">Edit</a>

Click **Edit** to display the following page.

The screenshot shows a web-based configuration interface for WAN connections. On the left, a table titled "WAN Connections" lists a single entry with index "WAN1", description "ISP1", and physical mode "--". An "Edit" link is visible next to this entry. On the right, an "Edit" dialog box is open, allowing configuration of the selected WAN connection. The dialog includes a "Show Advanced Mode" link, an "Enabled" toggle switch (which is turned on), a "Description" field containing "ISP1", a "DSL Mode" dropdown menu set to "Auto", and an "ADSL Setting" section with "VPI (0-255)" set to "0" and "VCI (32-65535)" set to "32". At the bottom of the dialog are "Cancel" and "Apply" buttons.
